BASQUE

The timeless Empire chandelier shape styled in timeworn, natural finishes uses durable steel in a Driftwood finish that includes a spherical ornament in matching finish. The arms curve steeply, swept lower than the chandelier's center, emphasizing the chandelier's height while mitered angles at its top accentuate the thickness of the barrel-like planks. Exposed candelabra lamps on Anthracite candle covers adding texture and contrast. The result of the organic wood tones reduces the formality of the classical shape making the elegance of this design more inviting.

TAHOE

A refreshing take on reflector shades from the early days of Mid Century modern design, the Tahoe thoughtfully applies LED light to a classic concept. The LED housing that shines light against its metal shade painted white on its interior for better reflection is also punctured with a hole at its apex to cast light on the square-tubed yoke supporting it. Much more angular than the traditional reflecting up-light shaded pendant, this pendant brings more function to its fashion. A convenient LED lamp is also included facing down to illuminate the space below. Finished in a striking Black and Satin Brass combination, this pendant certainly calls attention while casually existing in its space.
