MARIS

Maris brings a refined mid-century sensibility to modern interiors through sculptural form and thoughtful movement. Curvilinear shades partially veil the light source, softening the glow while allowing illumination to spill gracefully into the space. On chandeliers, each shade adjusts independently—rotating and moving up or down to create dynamic compositions and tailored light. Finished in striking two-tone combinations of Black and Brass or Matte White and Brass, the white interiors enhance brightness and clarity. The coordinating wall sconce distills the design to its purest expression, opening from the wall like a clamshell to release a warm, pearlescent wash of light.

- *Adjustable shades rotate and/or move up or down*
- *Curved shade softly shields the light source*
- *Two tone finish options feature Black or Matte White with Natural Aged Brass*
- *White interiors to the shades maximize light output*

GEODE

Crystalline clarity meets modern structure in the Geode collection. Inspired by the faceted symmetry of natural mineral formations, each clear glass shade is cut in an angular form that plays with light and shadow. The bold, geometric silhouette feels effortlessly architectural - elevated further by subtle industrial notes like knurled screw collars and diamond shaped tubing on bath configurations. Offered in a range of sizes and finishes, Geode brings sculptural interest to kitchens, bathrooms, and dining rooms as well as statement-making entryways.

- *Faceted glass shades inspired by geologic formations and angular crystal cuts*
- *Offered as a dramatic multi-light pendant, single pendants, and a full range of wall sconces and vanity lights*

FORMOSA

This series draws inspiration from regal agrarian manors, delivering a statement in its scale and sophisticated finishes. Designed in operatic proportions, the bottom chandelier assembly features swollen curves hand painted in a choice of Ecru white or Golden Noir and suspended by a rigid hook structure replete with vintage charm. These finish combinations not only add dimension and interest, but they are enhanced with the contrastingly brighter accents against the rich, weathered finishes. Extended chain links with smoky beveled crystal charms drape the Ecru and Gold Leaf finish combination, while the darker Golden Noir variation features strands of painted silver wooden beads.

- *Finishes Available: Ecru White with Gold Leaf accents and smoked beveled crystal | Two-tone Golden Noir with painted silver leaf wooden beads*
- *Hook structure rods support chandelier*

Sockets are suspended above a metal spun dome in Black with Gold accents. A clean and simple approach to modern or transitional lighting, the opening allows light to shine upwards through the opening atop while providing functional light below. This break in the two parts is supported with straps and decorative rivets in complimentary finishes for a subtlety tasteful two-tone finish. A coordinating pin-up wall sconce offers a bedside application to this design with integrated switch on its back plate and two feet of cord cover that can be removed and hardwired per your preference.

BATH VANITY

HONEY

Warm and subtly nostalgic, the Honey collection draws inspiration from vintage honey jars and the familiar grooves of wooden dippers. Delicate ribbing on the clear glass shades plays with the light, creating gentle refractions that echo the soft sweetness of its namesake. Finished in either hand-brushed Kentucky Bronze or Natural Aged Brass, the frame brings an inviting glow that suits both traditional and contemporary settings. Honey lends an effortless charm to vanities, powder rooms, or anywhere you want a little golden-hour warmth—any time of day.

- *Inspired by the textured curves of honey jars and wooden dippers*
- *Clear glass shades with finely ribbed detailing offer soft, refractive glow*
- *Available in two finishes: Kentucky Bronze with warm hand-brushed gold tones or sleek Natural Aged Brass*

JACKSON HOLE

Inspired by the rugged charm of the American West, the Jackson Hole collection brings an elevated rustic sensibility to bath and vanity spaces. Tapered clear glass shades, subtly fluted with a vertical stripe detail, soften and refract light while reducing glare—adding a refined touch to their sculptural form. Each shade is anchored by a circular ring finial and gracefully suspended from an overhanging arm, evoking classic lantern motifs with a modern update. The result is a timeless design that bridges traditional character with relaxed, mountain-inspired style.

- *Clear tapered glass shades feature a refined vertical ribbed pattern that diffuses light and reduces glare*
- *Decorative circular ring and overhanging curved arms create a tailored rustic silhouette*
- *Finished in a rich, architectural Dark Bronze*

A shrine of light, the stacked structures with slanted roof lines over an open pavilion make for a modern lantern design. The LED light source is contained in the lower roof structure and casts light upwards creating a warm glow within the frame, while simultaneously shining ample light below to illuminate your exterior. Atop the lanterns are a sizable, squared off ring that is supported by hooks on the larger sizes. Stylishly modern and inspired by outdoor lanterns, the fixtures are made more durable by avoiding the use of glass panels all together.
