STARSTRAND™

Mysteriously illuminating from above, below, or within, StarStrand discreetly goes where no light has gone before, even under water. Unthinkably thin strips of LEDs adhere to surfaces unfit for traditional fixtures, bathing the most unusual places with dimmable warm white light or a remote-controlled rainbow of vibrant colors for a virtually undetectable, surprisingly unpredictable effect.

See StarStrand in our Showroom 3901 or visit maximlighting.com/starstrand

MAXIM
