

Installation Instructions Model 85851WTBZ

1. Turn breaker off for circuit on outlet where fixture is to be installed.
2. Attach back plate to electrical box
3. Mark holes on outer slots of bracket for hollow wall anchors
4. Remove back plate from outlet
5. Drill 1/8" holes and insert hollow wall anchors
6. Reinstall back plate to outlet and secure bracket to ceiling using screws included into hollow wall anchors
7. Wire fixture to wires in outlet box. Green wire is for Ground.
8. Install fixture to bracket and tighten nuts so that fixture is secure
9. Insert diffuser at angle through bottom opening and turn flat to rest

For maximum dimming performance we recommend Lutron CL type dimmers. Drop off or blinking may occur at the low end of dimming cycle. If this occurs adjust trim tab on CL dimmer until drop off/blinking subsides.
