# METROPOLIS

A modern torchiere light with rotatable and adjustable glass bowls of light. Finished in Satin Brass with an interesting textural clear glass bowl shade that fans out in a wide diameter. The two-light chandelier stretches out horizontally supporting Clear Textured glass shades that can be installed facing up or down. The deep pattern in the glass softly undulates in a shallow yet wide dimension, both diffusing a vivid LED light source and casting a unique light emitted through the artistic vessels. Available in various configurations of pendants and sconces, the collection celebrates modern industrial innovations while adding understated contemporary glamor that coordinates well with more conservative aesthetics. The metalwork is finished in a bright Satin Brass adding statement in their scale, particularly the convenient pin-up sconces with swing arm adjustability allowing for both plug-in and hard-wired installations.
