MARIMBA

Translating the rhythm of nature into light with cascading tiers of carved mango wood petals, Marimba sways around luminous rings. Hand-crafted wood of varied heights is suspended from metal bands in Natural Aged Brass with softly whitewashed finishes, or in a moody Gunmetal paired with rich Walnut stain. Muted earth tones and updated organic lines give the collection a relaxed, elevated presence. Subtly distressed surfaces and visible brushstrokes add elegant texture and depth, turning each tiered silhouette into a warm, sculptural statement for dining rooms, foyers, and living spaces.

MARIS

MARIS

Maris brings a refined mid-century sensibility to modern interiors through sculptural form and thoughtful movement. Curvilinear shades partially veil the light source, softening the glow while allowing illumination to spill gracefully into the space. On chandeliers, each shade adjusts independently—rotating and moving up or down to create dynamic compositions and tailored light. Finished in striking two-tone combinations of Black and Brass or Matte White and Brass, the white interiors enhance brightness and clarity. The coordinating wall sconce distills the design to its purest expression, opening from the wall like a clamshell to release a warm, pearlescent wash of light.

- Adjustable shades rotate and/or move up or down
- Curved shade softly shields the light source
- Two tone finish options feature Black or Matte White with Natural Aged Brass
- White interiors to the shades maximize light output
