PRODUCT DESCRIPTION

A refreshing take on reflector shades from the early days of Mid Century modern design, the Tahoe thoughtfully applies LED light to a classic concept. The LED housing that shines light against its metal shade painted white on its interior for better reflection is also punctured with a hole at its apex to cast light on the square-tubed yoke supporting it. Much more angular than the traditional reflecting up-light shaded pendant, this pendant brings more function to its fashion. A convenient LED lamp is also included facing down to illuminate the space below. Finished in a striking Black and Satin Brass combination, this pendant certainly calls attention while casually existing in its space.
