

PRODUCT DESCRIPTION

Square profiles rise vertically to deliver crisp architectural lighting suitable for both residential and commercial applications. Designed with a compact footprint that meets ADA requirements, the fixture provides generous illumination while maintaining a refined, low-profile presence. Choose configurations that cast light downward for Dark Sky compliance or both upward and downward for balanced wall washing. A concealed 120-277V universal voltage LED driver is integrated within the frame for dependable performance. Finished in durable outdoor powder coats of Matte Black, Architectural Bronze, or White, this series offers a versatile and modern solution for exterior lighting.
