

PRODUCT DESCRIPTION

Inspired by the soft geometry of flower petals, Petals brings sculptural movement and graceful airflow to modern interiors. Six ABS blades extend from a refined center housing in a generous 60" span, creating a floral silhouette that feels elegant, balanced, and quietly expressive. A DC motor delivers efficient performance, while the included light kit and cover plate allow the design to be installed with or without illumination. Offered in Natural Aged Brass with White blades, Black with Gold housing and Black down rods, or Satin Nickel with White blades, Petals pairs decorative beauty with everyday function.
