## **Studio M's Megalith Adds New Award to Accolade Streak**

*The Megalith Collection is named 'READERS CHOICE' in this year's prestigious RED Awards held by Luxe Magazine. The RED Awards are a prominent event that honor excellence in design, both by product and studio. Studio M is honored to have taken home this award for The Megalith, a collection from its successful collaboration with renowned designer, Nina Magon.*

*The Megalith is a monument to the beauty of stone and precious glass. It features stone panels of Spanish Alabaster, Rose Jade, White Onyx, Striae Arya, and the award winning Dichroic Glass, all illuminated by a White Globe, transcending these precious materials to a luxurious home accessory.*

*Since its debut at 2021's High Point Market, the Megalith has garnered considerable critical praise. The collection earned High Point's Best Debut and was a 2021 Style Spotter and Trend Watch Winner. Lauded in the press by Elle Décor, AD, Aspire Magazine and Business of Home, there is no shortage of love for this one-of-a-kind collection.*
